Relative Minors

59

1. Circle the letter name of each relative minor. Remember to count down 3 semitones and 3 letter names.

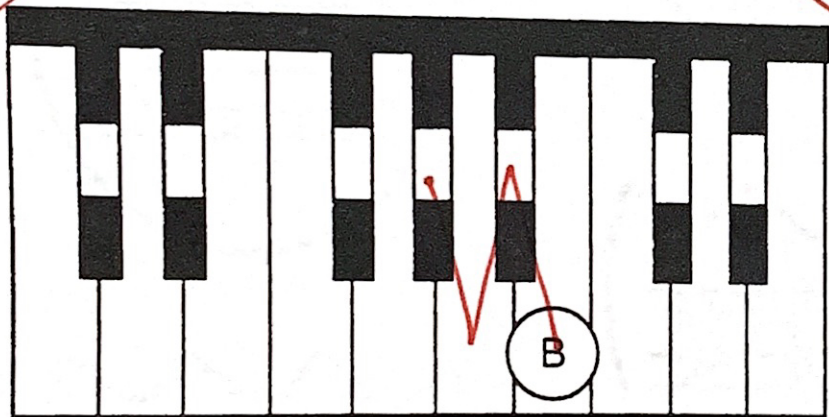

c c# d \flat d

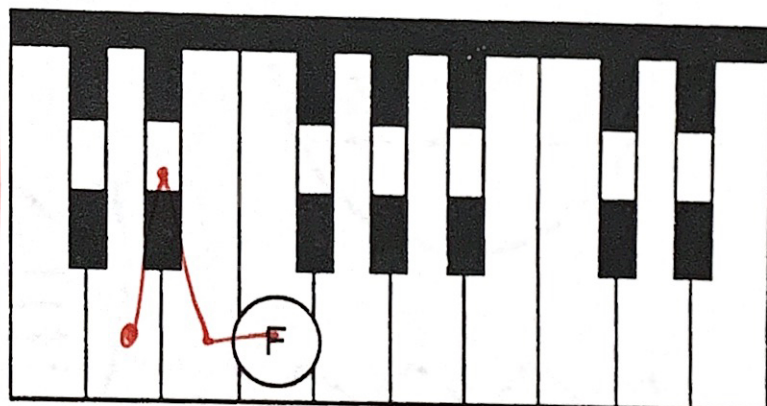

e \flat e f f#

2. Find the relative minor of the major keys below.

g# minor

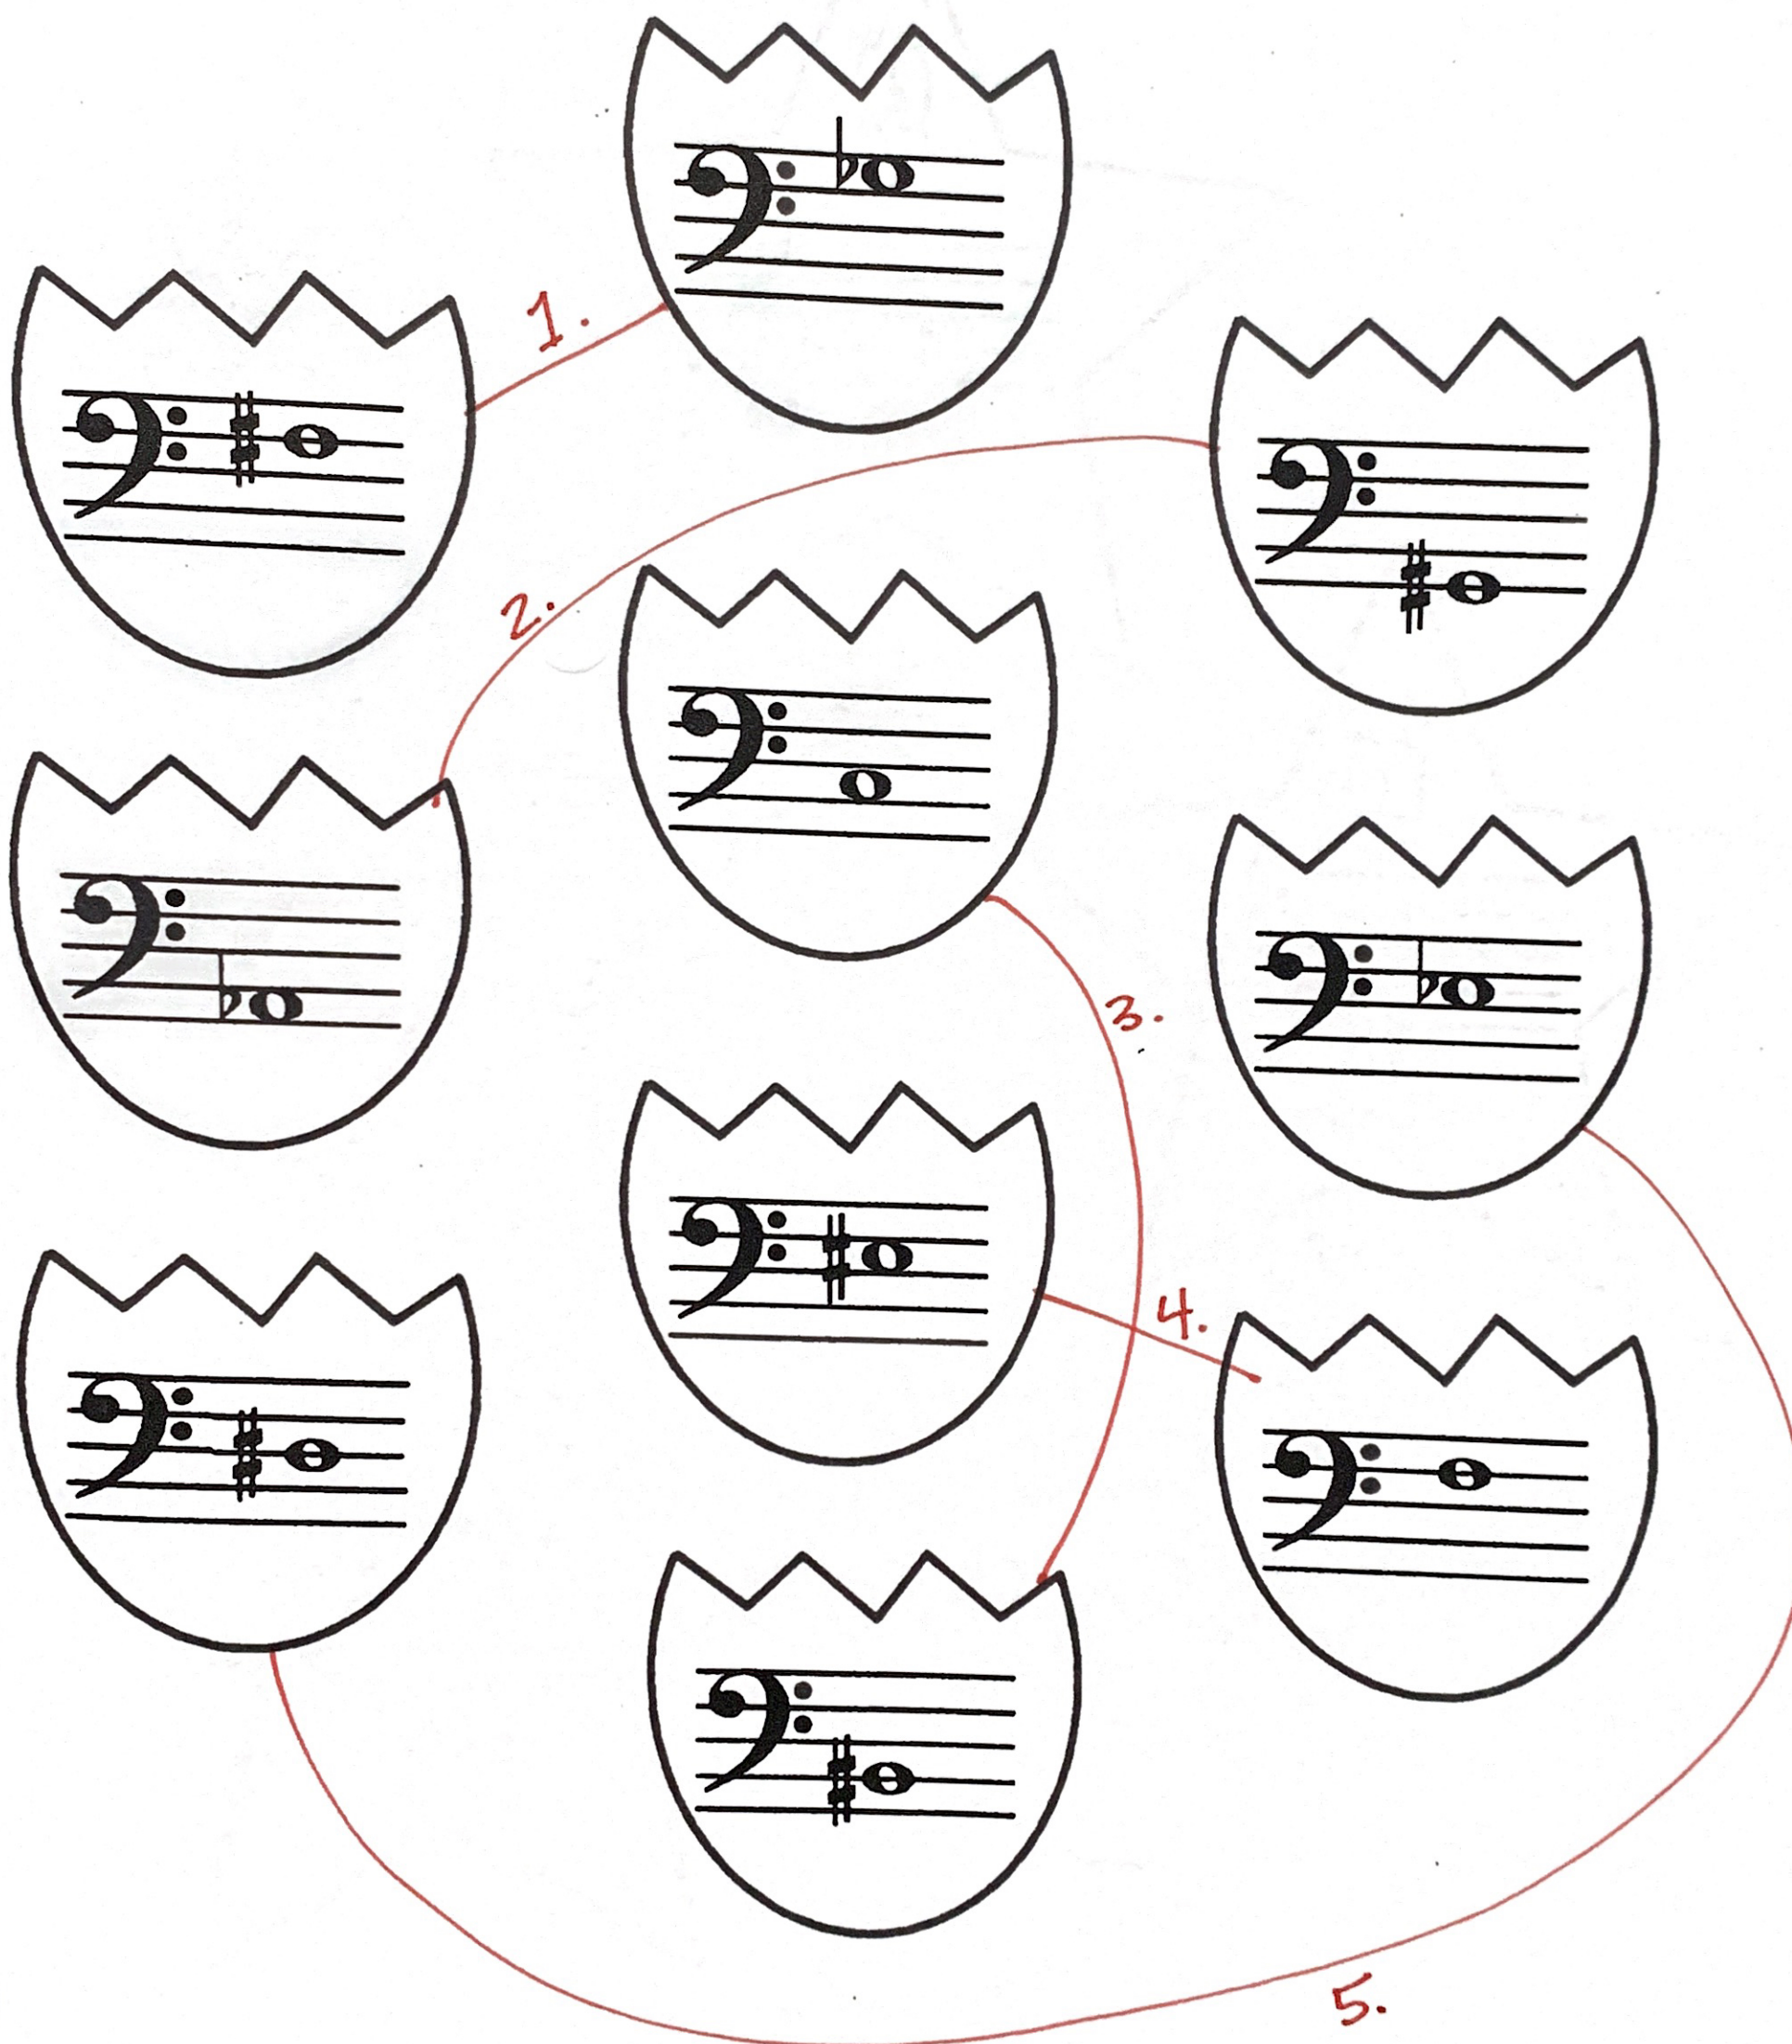

d minor

consider Bonus.
Kids would not be
asked any questions
about B+/g#- at this
level. The concept is good, but this
question is outside of their experience.

Enharmonic Eggs

Color the 2 halves the same. Use a different color for each pair.

You Are A Star

You are a star when you color the major thirds red and the minor thirds blue.
