

Ledger Line Notes

Name the ledger line notes in the lollipops!

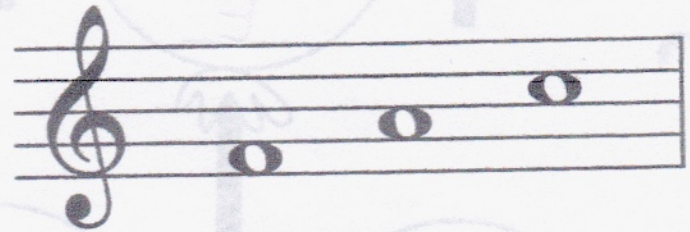

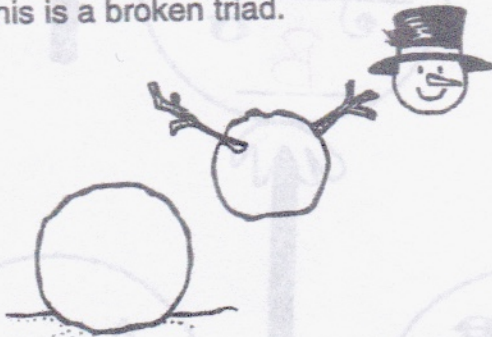

Solid And Broken Triads

Sometimes the triad is solid. Write each one as a solid "snowman" root position chord.

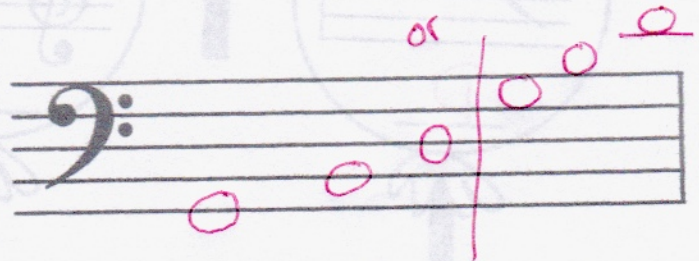

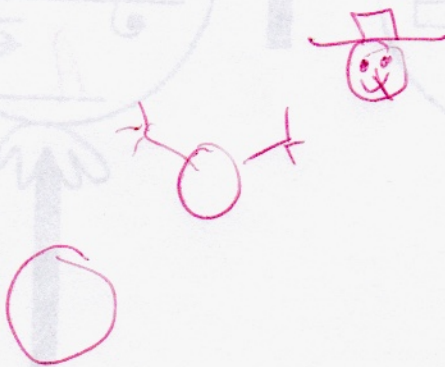

Sometimes the snowman falls apart, and we play "jump up high". This is a broken triad.

Broken triad of F.

Draw a broken snowman here.

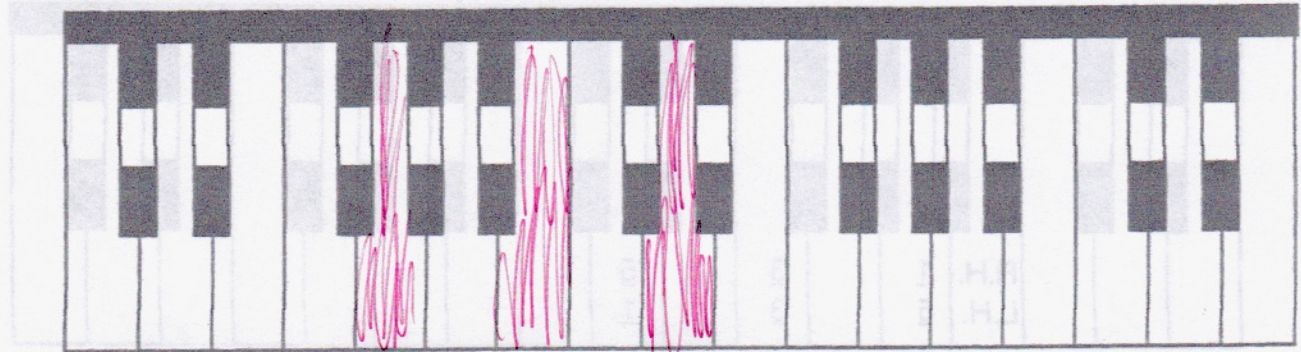

Broken triad of G.

Mr. Bach

This song is all mixed up. It has no barlines. What a mess!

Do you think Mr. Bach wrote it this way? Of course not!

Please add the barlines to this beautiful music.
