Homework 	H-29 H-31: key signature = F# Scale: GABCE#F#G Triad: GBD							
Toolbox 	5 FINGER LEGATO & STACCATO on GABCD							

Practice Tips for Partners: You will notice marked strengths and weakness in students in your class. One of the benefits of small group study is to see the range of expression in musical skill. The average sight-reader may be a fine composer. Acknowledge the strengths of fellow classmates. Promoting competition does not serve the learning process. Heartfelt recognition of another student's achievements teaches cooperation and teamwork. Celebrate the achievements of other students in the class as well as your own.

Christmas Party! December 15th-20th, 2025 During regular class time
